Radu Dan

Target Role — Senior/Staff iOS Engineer, or Team/Tech/Mobile Lead

Profile

Senior iOS Engineer with **13+ years**, I've led teams, optimized workflows, and built high-impact features.

At Deloitte Digital Romania, I led the Mobile Guild, fostering a strong team culture.

At Qonto, I cut CI build times by 25%, achieved 95%+ code coverage with zero defects, and helped hire seven iOS engineers. I also streamlined Xcode migrations, enabling adoption within 2.5 weeks.

Passionate about mentoring, I write technical articles on Medium and build mobile apps (nochanc3, Football Gather, CarChum). Conference speaker and YouTube creator ("Swift Nuggets").
